If women were to be paid for the work associated with caring for a household, the value would equal \$90,000 dollars, on top of their wages. For those who care for the	https://www.salary.com/mom-paycheck/ https://www.salary.com/mom-paycheck/
household full time, the value equals \$140,000 annually.	
And women have policies with 31 percent less dollar coverage than men.	http://www.omaha.com/money/gender-gap-fewer-women-than-men-have-life-insurance-leaving/article9c0276cf-2e6e-57c8-a45c-32af51c30c6f.html
