

# The Goals Tab

Whether you're picturing life in retirement, saving for your child's education, or renovating your home, the best time to plan for it is today. With the interactive Goals tab of your Personal Financial website you can easily add your financial goals and track your progress toward funding those goals— from wherever you are, at any time.

## PERSONALIZE YOUR GOALS

Add photos and timeframes to your goals to visualize the impact they have on your long-term financial outlook.

## ESTIMATE PROJECTED FUNDING

Enter the details of your goals into your portal and gain insight into how you're tracking toward funding your goals and possible actions you can take to improve funding results.

## DEDICATE FUNDS

If you already have saving accounts or funds set aside for a specific goal in mind, you can easily designate them as sources of funding for that goal to help you stay organized and on track.

## STAY THE COURSE

With the ability to see your financial goals and projected funding results, you'll always know how you're tracking toward achieving your financial targets.
